## GIMMICK

You can pull all the stops out  
Try to keep the drop outs  
Grind your old teeth pull your hair  
So you got to get a gimmick  
If you want to get a-head.

You can sacrifice your sacro  
Teaching to the back row  
Stand on your feet 'til you're dead  
Teach you've got to get a gimmick  
If you want to get ahead.

You can talk--you can talk  
    You can talk talk talk  
That's how teaching was born  
So we talk so we talk so  
    we talk talk talk  
But we do it with a born

Once I was old-fashioned  
Now I'm really smashing  
With my revolution in class  
You've got to have a gimmick  
    So you have to have a blast

They can talk they can talk  
    they can talk talk talk  
They'll only call you witch  
Me I swing and I swing swing  
    swing swing swing  
But I do it with a switch.

I'm electrifying  
And I'm not even trying  
I never have to sweat--to get paid  
If you've got a gimmick  
Teacher Pal you've got it made

## TRADITION

Who every day must face a situation  
Order in the classroom  
Do his daily work  
And who has the right as master of his class  
To have the final word in school  
The teacher the teacher  
Tradition the teacher the teacher tradition

Who must know the way to teach a proper class  
A quiet class a model class  
who must take attendance in the homeroom class  
and write the lessons in the holy book  
The plan book the plan book  
Tradition the teacher the teacher tradition

And who does teacher teach  
To read and write and figure  
Preparing to remember whatever teacher says  
The students, the students  
Tradition the teacher the students Tradition

## PASS THEM BY

They've got a whole wide world  
to conquer, understand

We must give them something good to  
have at hand

A lively out look that can answer a  
command

Educatin' - it can be quite fascinatin'

New tricks, old gags - they can do the  
work

If the students really try

We'll tell them all out there that we  
won't, if we can help it

Leave them out, treat them badly  
Pass them by.

Pass them by-y

Pass them by-y-y

That we won't if we can help it,  
Pass them by.

They have the whole wide world  
to face when they are through

Find a chosen few  
to tell their troubles to.

They need all our help

to get them ready for the life  
School - then, work - then

Chooses a husband or a wife

The  
Future can look great if they succeed,  
Learn to read and they'll get by.

Our job is never done But it can be lots of fun

Oh no we won't Treat them badly  
Pass them by.

Pass them by-y, Pass them by-y-y, Oh no we won't  
treat them badly Pass them by.

## TOGETHER

Wherever you go  
Remember this show  
And what we have been through together  
We came pretty far  
Each one was a star  
We had to go through it together

Whatever they did we know we did  
Whenever they hid we know we hid

Some fits, some fights, some feuds and lots of ego amigo  
Together

Through day and through night  
In darkness and light  
We worked hard to put on this show  
For all of you who sit out there  
We hope you like this bill of fare  
Together - We want you to know that--

I'm just wild about Carey  
And Carey's wild about me  
No other High School can like my school  
Fill me with ecstasy  
I'm so in luck to be teaching  
In such a nice community

Oh I'm just wild about Carey  
And Carey's wild about  
Just can't do without  
Carey's wild about me.
